

Intake Process

You reach out to a Technical Assistance Provider:

The Technical Assistance Provider redirects you to NIFTI, a program of the New Entry Sustainable Farming Project*, for the processing and tracking of your request.

You fill out an intake form, do this now! Completion of this form ensures that you receive relevant assistance, free of charge.

[Here's the intake form.](#)

NIFTI contacts you about your request and reconnects you with a Technical Assistance Provider.

You schedule a consultation and receive up to **1 hour** of one-on-one Technical Assistance from one or more of NIFTI's Technical Assistance Providers.

After your session, you evaluate the Technical Assistance received. A separate evaluation must be completed for each interaction.

[Here's the evaluation form.](#)

The provider also completes an evaluation, [found here.](#)

Questions to Consider Before Submitting Your Request

Have you explored the online library of NIFTI resources?

[NIFTI Training Materials](#)

Have you browsed the Incubator Toolkit and Metrics & Evaluation Guide?

[Incubator Toolkit](#) [Metrics & Evaluation Guide](#)

Is there a specific tool or program you would like to develop or refine?
